CUTTING EDGES & END BITS

Spec-Cast manufactures cutting edges, end bits and bucket lips for loaders, dozers and scrapers. Over and above our stock standard products we also manufacture custom edges to your specifications whether in simple carbon plate or heat-treated material.

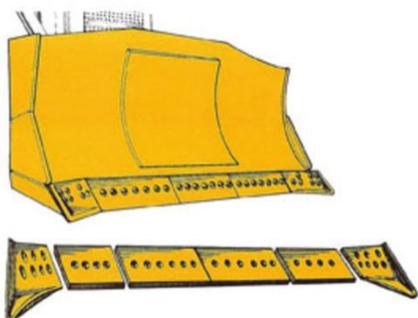

IMAGE	DESCRIPTION
	<p>Loader Bucket Edges</p> <p>Weld-On or Bolt-On, Standard or Custom Design, Carbon Steel or through hardened Steel</p>

IMAGE	DESCRIPTION
-------	-------------

Dozer Cutting Edges

Heat Treated, Through Hardened, Quenched & Tempered Alloy Steel.
Complete range of thickness in Standard and Heavy-Duty, from 16mm to 60mm

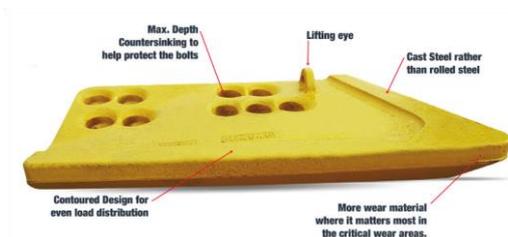

Hot Cupped End Bits

Heat Treated, Through Hardened, Quenched & Tempered Alloy Steel.
Complete range of thickness in Standard and Heavy-Duty, from 20mm to 60mm

Cast Dozer End Bits

Offering more wear material to achieve maximise wear allocation, weight distribution, wastage and overall performance. To help to protect your machine blades from wear, the cast end bits have a contoured design providing an impact rib built into the high wear area, enhancing wear life and improving strength of the end bit corner.
